

The 12th World Congress of Clinical Safety (12WCCS), 1-2 May 2025 in Paris

## Major presentation (tentative: 15 Dec 2024)

The final deadline of abstract submission: 20 January 2025

### (Special Session) Wellbeing with Healthcare Safety

#### Measurement of well-being with healthcare safety

Ryoji Sakai (IARMM & MSPO presidents, Tokyo, Japan)

#### Issues of human factors from the perspective of well-being

Hiroshi Simoda (The University of Kyoto, Human factors, Japan)

#### Clinical well-being of infectious disease

Hiroshi Yotsuyanagi (The University of Tokyo, Infectious disease, Japan)

#### Measurable Well-being

Satoshi Fujii (The University of Kyoto, Resilience engineering, Japan)

### (Special Session) Risk Philosophy

#### The quantification of both objective risks and its subjective perception i.e. „perceived safety“.

Franz Porzsolt (Research Institute of Clinical Economics , Germany)

#### Randomized Controlled Trials (RCTs) are inappropriate tools for assessment of both risk and perceived safety

Franz Porzsolt (Research Institute of Clinical Economics , Germany)

**(Special lesson)**

**Surgical Never Events Should Never Happen**

Jane Helen Reid (Bournemouth University, UK)

**Care compassion and consideration of colleagues in the workplace- achieving a safe and effective team.**

Jane Helen Reid (Bournemouth University, UK)

**Cognitive biases and heuristics in medical decision making: Theoretical and empirical synthesis.**

Kazuhisa Takemura (Waseda University, Psychology, Japan)

**Medication Safety and Artificial Intelligence (AI) in Pharmacy Practice: Opportunities and Risks**

Hisakazu Ohtani (Keio University Hospital, Pharmacology, Japan)

**Medical accident investigation system in Japan Government**

Maki Fujita (Keio University, Forensic medicine, Japan)

and the others.

**(Chief presentation)**

**Team approach and leadership**

**Team Cohesion and Leadership: Key Drivers to Enhance Patient Care Quality in Healthcare Institutions**

Sophie Garcelon (Wingsanté, France)

**How community leaders can improve local health outcomes in an isolated rural developing country.**

Gillian Pearce (Rotary International, UK)

**Enhancing Patient Safety Through the Implementation of a Novel Pulmonary Embolism Response Team**

Khalid Sewify (King Fahd Military Medical Complex, Saudi Arabia)

**Preventing Malnutrition in Hospitalized Patients by Implementing a Novel Nutrition Support Professional Team**

Khalid Sewify (King Fahd Military Medical Complex, Saudi Arabia)

## Safety psychology, Unsafe behavior

### **A Risk Managers' Nightmare: Emotional Aftershock and Resiliency**

Josh Charles Hyatt (Med-IQ, MA, USA)

### **Influence of oncology nurses' decision-making and personality traits on missed nursing care and related factors**

Ivo Cristiano Soares Paiva (Nursing School of Coimbra, Spain)

### **Risky Behavior & Safety Psychology: Family Estrangement & Grandparent Alienation in a Post-Pandemic World**

Rebecca A. Housel (Private Practice - Stellium Integrative Wellness, USA)

### **Mitigating Risk through Medication Adherence: A Global Perspective**

Bernard Vrijens (Clinical Human Factors Group (UK) CHFG, Belgium)

### **The Benefits of Anger Management Programs for Preventing Disruptive Behavior in Healthcare Organizations**

Hiroyuki Oura (Iwate Prefectural Central Hospital, Japan)

## Workforce safety

### **Evaluating Strategies to Mitigate Violence Towards Healthcare Workers in the Emergency Department**

Lucinda Millsom (Harvard T.H. Chan School of Public Health & Massachusetts Department of Public Health, MA, USA)

### **Second victims in hospital support staff**

Julián Alcaraz Martínez (Morales Meseguer Hospital, Spain)

### **Challenges Faced by Canadian Nurses in their Work Environments Post COVID-19**

Linda McGillis Hall (University of Toronto, Canada)

## Education, Communication

### **Risk Education and Strategy**

Josh Charles Hyatt (Med-IQ, MA, USA)

### **Education in Pharmacovigilance, the Pharmacovigilance Classroom PVpharm University of Granada 24/25 results**

José Alberto Ayala Ortiz (Pvpharm, Spain)

### **An integrated concept for patient safety education**

Michael Rosentreter (Cooperative University of Applied Sciences Hamburg, Germany)

### **Communication between doctor and patient. A Literature review and our experience.**

luca pratticò (USL SUDEST TOSCANA, Italy)

## Simulation, AI

### **Simulation in a developing country and its impact on neonatal outcomes.**

Gillian Pearce (Rotary District 1090, UK)

### **Seguridad del paciente mediante la Simulación en la formación de los estudiantes de enfermería en la prevención de errores de medicación: revisión sistemática**

Raquel caballero de la calle (universidad alfonso X el sabio, Spain)

### **IN SITU SIMULATION IN EMERGENCY DEPARTMENT OUR EXPERIENCE**

luca pratticò (USL SUDEST TOSCANA, Italy)

### **Simulation and Rose Code**

Antonia Anna Giorgi (USL SudEst Toscana, Italy)

### **Personalized Care Meets Predictive Safety: Leveraging AI and Mobile Health Applications for Continuous Wellbeing**

Ian (Euihwan) Lee (Harvard T.H. Chan School of Public Health, MA, USA)

## Crisis management medicine

### **Alarm management in Emergencies**

Julián Alcaraz Martínez (Morales Meseguer Hospital, Spain)

### **SIMULATION IN EMERGENCY DEPARTMENT AND RISK MANAGEMENT**

luca praticò (USL SUDEST TOSCANA, Italy)

### **Pain management after elective laparoscopic cholecystectomy procedure: Guidelines versus real time clinical practice**

Zargham Hyder (NHS, UK)

### **Improving timely service for high priority (STAT) portable DR/XR exams in the Pediatric ICU (PICU)**

Hannah Stinson (Children's Hospital of Philadelphia, USA)

### **The Evolution of Youth Vaping in the United States (2015-2024): A Policy Analysis of Institutional Responses to an Emerging Public Health Crisis**

Noor Mah Khan (Harvard T.H.Chan School of Public Health, MA, USA)

### **Comparison of intravenous single dose Lidocaine and single dose Propofol in controlling emergence agitation in children for surgery under sevoflurane anesthesia: a randomized controlled trial**

Jelleen Escaño Narvaza (Philippine Children's Medical Center)

## New system for healthcare safety

### **21st CENTURY SAFETY SYSTEMS FOR NHS PATIENTS**

Mark Songhurst and Jacqueline Haughton (NHS UK or Healthcare Skills Trainign International, UK)

### **Analyzing Organizational Cultural Risks in Patient Safety in the HFACS Model**

HSIAO,SU,CHIU (Chi Mei Medical Center, Liouying, Taiwan)

Risk reduction practice

**Efficacy of Hydroxylated Fatty Acids in the Prevention of Pressure Ulcers in patients undergoing long-term surgical interventions.**

María Sáenz Jalón (Hospital Universitario 12 de Octubre, Spain)

**Effects of Vitamin D Supplementation on Pediatric Attention Deficit Hyperactivity Disorder: A Meta-Analysis and Systematic Review**

Cheska Marie G. Latorre (Philippine Children's Medical Center)

**Evaluación del sondaje vesical prequirúrgico en cirugía ortopédica: Estudio comparativo multicéntrico en dos hospitales de tercer nivel**

María Sáenz Jalón (Hospital Universitario 12 de Octubre, Spain)

**Evaluation of preoperative bladder catheterization in orthopaedic surgery: Multicentre comparative study in two tertiary hospitals.**

María Sáenz Jalón (Hospital Universitario 12 de Octubre, Spain)

**And, many other presentations around the world.**
